

OFF-HIGHWAY ADVENTURE TOUR SERIES

Gnarly Beasts of the Past!

The Borrego Valley wasn't always a desert. The last few million years have seen astounding changes—and incredible critters. Titanic bears, bone-crushing dogs, cunning cats, a shark that made Jaws look like a minnow, and more called this place home in their time. You won't need an elephant gun or a pith helmet on this paleo safari since all of these beasts are long gone...that is except for their fossils. But you will need a sense of adventure and a keen imagination.
